You and your family have just taken steps for the
"Ride of your Lives."

You will have the opportunity to watch your driver progress in the handling of a race car. Not only will they grow and reach many goals, they will learn many things about racing, responsibilities and life lessons.
The best part of this sport, is the many friends you will make over your time here.

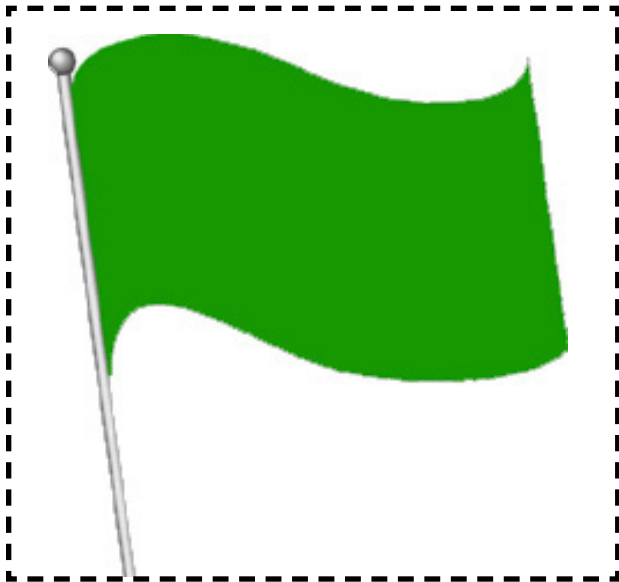

There are many great drivers that got their start in Quarter Midget Racing. NASCAR'S Jeff Gordon is probably the most recognizable name, but you must add many more names to that list. Ryan Newman, Jason Leffler, Mike Bliss, Terry and Bobby Labonte, Reed Sorenson, Tracy Hines, J.J. Yeley, Josh Wise, Jerry Coons, Jr, Bobby Santos, III, Billy Wease, Bobby East, Kyle Krisiloff, Jay Drake, Garrett Hansen, Shannon McQueen, Scott Pierovich, Tim Skoglund, Nic Faas, Chett Gehrke..... this list goes on forever.

These great drivers all got their start racing Quarter Midget's.

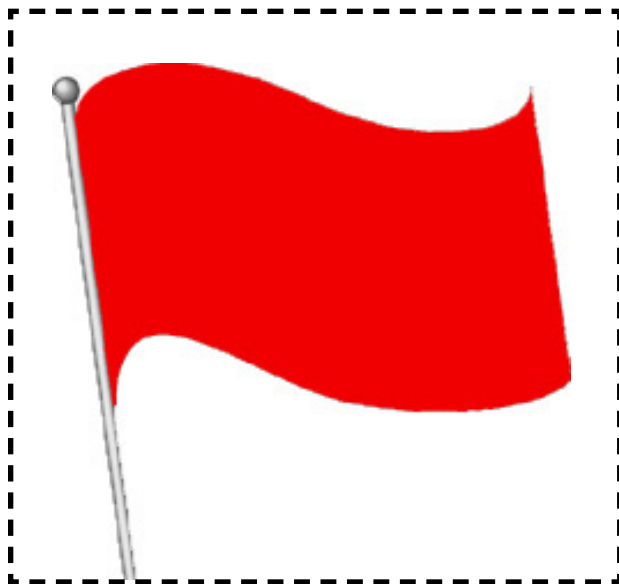

This small booklet is designed for you to print on your computer.
The first pages are already colored so that you can cut them up to use as flash cards to help your driver learn the flags.
You can laminate them so they last forever. Take them with you in the car and ask your driver to tell you what they mean. It will only take minutes a day, but the time spent learning them off the track, will be noticed when your driver gets buckled in to begin taking laps on the track. Even Grandparents and siblings can help.
The next pages are pictures of flags that your driver can color.
You can download the pages as many times as you wish.

Good Luck to all of you!
